Years of
Excellence

Our Origin Story

Arihant College was founded in 2006 with a single conviction, that quality higher education should be within reach of every deserving student in Madhya Pradesh.

Over the years, that idea has shaped thousands of careers, guided countless first steps into the professional world, and built a reputation, serving thousands of students across a decade and a half of academic excellence.

Our Mission

Our mission has neverchanged. We're here to provide an environment where students are not justeducated but truly prepared for careers, for challenges, and for life. We are committed to combining academic rigor with practical exposure, ensuring every student leaves Arihant with the knowledge, skills, and confidence to succeedon their own terms.

Our Vision

Our vision is simple. To be the college that students look back on not just with fondness, but with gratitude, knowing that what they built here carried them through everything that came after.

2006 •-----• 2026

Why Arihant?

Choosing the right college is the first smart decision of your career.

Scholarships & Financial Assistance

Merit-based scholarships, category schemes, and loan assistance, because finances should never hold back the right student.

Placement Assistance

From internship fairs to placement drives, we stay in your corner until you land exactly where you deserve to be.

Industry Visits

Hands-on visits to leading companies and institutions that turn textbook knowledge into real-world understanding.

Certifications

Industry-recognised certifications from Infosys, Google, TCS, , Mahindra, and Wipro, built into a specific program so you graduate with credentials that go beyond your degree and straight onto your resume.

International Exchange

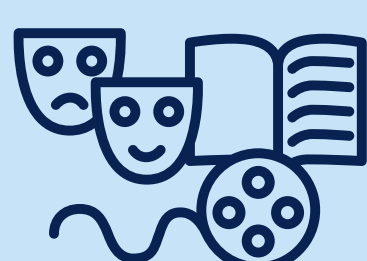

Your education doesn't have to stop at the Indian Border. With AIESEC, you can avail an opportunity for International summer and winter exchange programs that give you international internships, international volunteering, and faculty exchanges in foreign lands.

Holistic Development

A fully Wi-Fi-equipped campus designed to support your academics, talent, sportsmanship, health, passion, and social life, all at once.

Cultural & Student Life

Stage shows, fashion shows, sports competitions, festivals, college trips, and community events to ensure a student life that gives you stories worth telling.

Startup & Incubation Ecosystem

Kasliwal Startup Incubation Foundation supports student innovators and startups through incubation, mentorship, training, networking, and industry guidance to help emerging ventures grow.

Research & Publication Centre

Through Gyan Manthan, publish in peer-reviewed ISSN journals, ISBN books, research articles, monographs, and get your PhD thesis transformed into a published work.

Arihant Sports Academy

Personalised coaching and structured preparation to help you compete and win at district, state, and national level competitions.
